

Topographic Survey - Nr Pocklington

Project:

Kilwick Percy

Location:

Nr Pocklington

Client:

Mr S Dixon

Consulting Engineer:

Alan Wood & Partners

Description:

Alan Wood & Partners undertake a number of Topographic surveys for a large range of projects.

Projects include housing developments, mapping landscaping, boundaries and elevational surveying.

For this project full coloured drawings were produced at a variety of scales and levels to detail. These drawings have been used to redesign the golf course together providing detailed information for the detailing of a new clubhouse and holiday lodges.

Presentation drawings have also been produced for use by the golf club.
