Project Value:

Extensive

Description:

Alan Wood & Partners have had a major involvement in numerous diverse projects over recent years.

The Ministry of Defence have commissioned a nationwide construction programme namely project SLAM (single living accommodation modernisation) for all new accommodation. These are generally 3 or 4 storey accommodation blocks, across the country. Alan Wood & Partners have also heavily involved with Her Majesty Prison Service and detentions service and the Ministry of Defence.

The works involved for the prison services have included External works, foundations, structural steelwork, drainage. The block are

normally 2 or 3 storeys high with facilities such as catering, workshops, libraries, gyms and much more.

Alan Wood & Partners offer a full consulting service on these projects ranging from planning applications through to detailed structural and architectural design we offer a multi-disciplinary package for all these projects including environmental services, landscaping, highways, drainage and site investigations.
