

Residential Development - Beverley

Project:

Residential Development

Location:

Molescroft - Beverley

Client:

Shirethorn Ltd. & Housing
Developers

Consulting Engineer:

Alan Wood & Partners

Project Value:

extensive

Description:

To enable development of land between the Beverley North Eastern Bypass and the outskirts of Molescroft for housing, Alan Wood & Partners designed, detailed and supervised the construction of a spine road and main infrastructure services.

The spine road access onto the bypass at each end and roundabouts were provided with service point at strategic of positions to enable development of parcels of the site by housing developers.

Alan Wood & Partners designed the spine road and obtained local authority approval prior to supervising the construction on a full time basis.

When parcels of land were sold to individual housing developers, Alan Wood & Partners were employed to design / detail the roads and drainage by David Wilson Homes, Barratt Homes and Bovis Homes.
